# EFG International launches share buyback programme

Zurich, 31 May 2019

As initially announced in its media release of 26 April 2019, EFG International AG intends to repurchase up to eight million of its own registered shares. The share buyback programme starts on 03 June 2019 and will last until 30 June 2020 at the latest.

The share buyback programme refers to a maximum of 8,000,000 registered shares, equivalent to a maximum of 2.70% of the current share capital and voting rights. The repurchased shares are used to fund restricted stock units relating to employee incentive plans, including the long-term incentive plan announced in March 2019. EFG prevents shareholders from experiencing a further annual dilution, due to the issue of shares from conditional capital in connection with its employee incentive plans.

The shares will be purchased in the open market between 03 June 2019 and no later than 30 June 2020. The regular update on the repurchase programme and the buyback notices can be found on the following website:
